RAID!!!

The scene is one of World-wide conflict. The only hope of saving the Earth from nuclear annihilation is an attack on the rocket launch sites by a squadron of Stealth bombers.

As squadron leader, you must lead your troops on a virtual suicide mission; knock out the launch sites, and proceed to Command Headquarters. Armed only with the weapons you carry, you must destroy the defence centre and stop the attack!

All screens as seen on the Commodore 64.

ARCADE ACTION
